04020008   Time-limit password input mistake, contains the forbidden character. The password is ignored, please input again.
04020009   Illegal time-limit password. The password is ignored, please input again.
0402000A   Time-limit password and manufacturer ID mismatch. The password is ignored, please input again.
0402000B   Time-limit password and board ID mismatch. The password is ignored, please input again.
0402000C   First warning: 100 hours left against current time-limit password, please request a new password from the producer.
0402000D   Second warning: 50 hours left against current time-limit password, please request a new password from the producer.
0402000E   Last warning: After 1 hour, any printing will be stopped! Request a new password from the producer immediately!

  40020011 EEPROM read failed.
  40020012 EEPROM write failed.
  40020013 Not initialized by factory.
  40020014 Head board is reset.
  40020016 Head board mismatch with factory data set. Please reset factory data or change a new head board.
  40020017 Board manufactory ID mismatch with FW. Please update FW.
  40020018 Serious Error: Exceeds the time against the time-limit password, please input a new password.
4002000E   LVDS error.

  20020002 CoreBoard_Err_UART1_TXTIMEOUT   Motion COM timeout.
  20020003 CoreBoard_Err_UART2_TXTIMEOUT   Head board COM timeout.
  20020005 CoreBoard_Err_FPGA_LESSDATA   Print data is less than fire number
  20020006 CoreBoard_Err_FPGA_ULTRADATA   Print data is more than fire number.
